

cv::videostab::StabilizerBase

cv::videostab::IFrameSource

cv::videostab::TwoPassStabilizer

```
graph BT; TwoPassStabilizer[\"cv::videostab::TwoPassStabilizer\"] --> StabilizerBase[\"cv::videostab::StabilizerBase\"]; TwoPassStabilizer --> IFrameSource[\"cv::videostab::IFrameSource\"];
```

The diagram illustrates the inheritance structure of the cv::videostab::TwoPassStabilizer class. It is shown as a gray-shaded box at the bottom, with two blue arrows pointing upwards to the white boxes representing its parent classes: cv::videostab::StabilizerBase on the left and cv::videostab::IFrameSource on the right.
