

cv::gpu::CannyBuf

```
graph BT; A[\"cv::gpu::HoughCirclesBuf\"] -.->|cannyBuf| B[\"cv::gpu::CannyBuf\"]
```

The diagram illustrates an inheritance relationship between two OpenCV GPU buffer classes. At the bottom is a gray-shaded box labeled 'cv::gpu::HoughCirclesBuf'. A dashed purple arrow points upwards from this box to a white box at the top labeled 'cv::gpu::CannyBuf'. The arrow is labeled 'cannyBuf' on its right side.
